Comments Cheryl has received in response to her recordings.

*"Cheryl is the most talented independent artist to come through our doors in a long time. Her record is pure ear candy. The songs are fun, catchy and smartly crafted."*

-Patrick Ermlich, Studio Manager The Cutting Room Recording Studios (New York, NY)

*"Thanks for the "WE" mix, it's fantastic!! Your voice knocks me out, and this is one hell of a cool arrangement. I could listen to it all day!"*

-Ernie Rideout, Editor of Keyboard Magazine

*"While I tell stories and evoke emotions using a montage of images, Cheryl accomplishes the same with music and lyrics. Her songs conjure visions as vivid and compelling as a hollywood film."*

-Nate Taylor, film editor

*"So far I like Proof the most. . . Pleasant surprise on the hidden track. When I saw how much time was left I knew something was coming up, but that was amazingly powerful. Soundtrack music, using the climax of the story. . .? Loved "WE"--that's the kind of stuff I loved doing in choir in college..."*
