

Music, Lyrics and Arrangement by
Cheryl B. Engelhardt

We

SSATB

We. We. We.

We weave in and out of the anchors that tie others down.

We. We. We swim free in the ocean. Free.

But let me take a breath.

The surface lies beneath us. It lies beneath us.

But still we lie to save ourselves, so save me.

For I am the other half of we.

We.
